

In partnership with My104.3 the Student of the Month program recognizes some of our most deserving students.

GI-TEC instructors nominate students based on character, leadership, work ethic, commitment, citizenship and responsibility.

Winners are chosen by My104.3 listeners through online voting. Winners are given a generous prize package from some of our GREAT local employers.

STUDENT OF THE MONTH

Kara McClintic

Kara McClintic is one exceptional young woman. She has a quiet, unrelenting work ethic that makes her a leader in the classroom. Kara is excited about working in the field of physical therapy, a category in which she has competed at Health Occupations Students of America, making it to State competition last year. Kara is a member of the National Honor Society at Shepherd High School and works with special needs children through their LINKS program. In addition, Kara is a competitive Power Lifter, placing 3rd in one of the weight classes.

Kara is determined to give her best efforts and, through her actions, shows hard work and kindness toward others. Other students look to her for assistance, and she helps when she sees them struggling. All these qualities will help make Kara a fantastic physical therapist in the near future.
