GI-TEC & MY104.3/AM 830 STUDENT OF THE MONTH!!

In partnership with **My104.3**, the Student of the Month program allows us to recognize the achievements of some of our most deserving Career Technical students.

GI-TEC **i**nstructors consider their student nominees based on these criteria: **responsibility, character, citizenship, leadership, work ethic, and commitment to improve technical skills.**

Recipients are chosen by the My104.3 selection committee. The announcement is repeated on air throughout the month. Winners are also given a great prize package consisting of several gift cards and a beautiful commemorative plaque--all donated through the generosity of local employers.

Nominated by instructor, Mindy Wischmeyer…..

March Student of the Month— Gabrielle Driessnack!!
Business Management & Administration

Gabby Driessnack is like a breath of fresh air--happy, smiley and exuding joy. People love to be around her! She is warm and kind without being fake or unapproachable. Gabby takes on tasks that others will not and finds a way to bring everyone into the project. She is a real leader and has promoted Business Management in the most positive way. It is such a pleasure to know her!!

It is truly humbling to know a young person who does so much for so many. Not only is Gabby involved with lots of extra- and co-curricular activities such as Business Professionals of America, National Honor Society, National Technical Honor Society, and Health & Occupational Students of America, but she gives so much of her personal time to causes she really believes in. Gabby is involved in Kids Hope--a mentoring program that pairs high school kids with at-risk students. One week every summer Gabby gives her time to the Young Lives camp for teen moms. She takes care of the babies of the teen moms who participate in the camp.

Every day that I work with Gabby I am more and more amazed and proud of the young person she has become. She is the best of the best, and I am truly so lucky to know her.

Congratulations Gabby!!
